

# oona 15 - New age of contactless checkout

## Reimagine Checkout. Right at the point of interaction.

The oona 15 is your future-proof self-service / POS device – with integrated contactless payment support, flexible mounting, and uncompromising performance.

- **Between kiosk, POS and tablet – perfectly positioned for the modern point of service.**

The oona 15 bridges the gap between fixed kiosks and mobile tablets - delivering full self-service power in a flexible, compact format

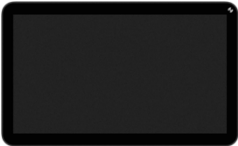

- **One device. Many use cases.**

From retail to hospitality, the oona 15 adapts to a wide range of self-service scenarios - whether mounted, countertop, or temporarily mobile.

- **Ready for the future of contactless.**

The oona 15 is future-proofed for secure, tap-to-pay transactions - directly on the screen, without external readers.
